**LAUNCH OF THE  
INTERNATIONAL COMPETITION GOVERNANCE, RISK & COMPLIANCE**

The Chair of Law & Business Ethics at CY Cergy Paris University and Antonin Levy & Partners Law firm are pleased to announce the launch of the first and unique International Competition in Governance, Risk & Compliance - ICGRC.

ICGRC is open to students from French and foreign universities who are interested or seeking a specialization in the fields of governance, risk management & compliance and eager to come together to assert their convictions and confront their ideas.

Firmly focused on major societal issues, ICGRC is aimed to become the most important event for mock trials by tackling multiple and diverse topics such as the fight against financial and economic crime, the protection of Human Rights, the respect for the environment or security and data protection. In line with the Sustainable Development Goals, the Competition intends to promote them simultaneously.

ICGRC is teaming up with a lead partner for a two-year period. In 2021 and 2022, Antonin Levy & Partners Law firm will participate in the organization and running of the competition in cooperation with the Chair of Law & Business Ethics.

The Competition, which opens in December 2020, will be held in French and will consist of two phases, written and oral. It will close in June 2021 with a pleading before a prestigious jury.

We invite you to follow the media of the Chair of Law & Business Ethics for more information on the Competition.
